Request example:

Begin with numbering the openings.

Start at your main entrance door and give the position numbers in a clockwise direction. Next floor (first, second, third floor) start numbering from first window on the right side of staircase.

Choose window type and record the product type number in your window list (specification).

Give the quantity and the required dimension.

Share with us your special requirements for glass, hardware and handles.

We are looking forward to hear from you.
